

FINANCE, OIL AND GAS

Pittsburgh

The local stock market was irregular and there was a congestion of dealings in a comparatively small number of issues. Riverside Oil stocks were leaders in point of activity and registered new high prices on the movement, closing at or near the best. Barnhill Corporation was firmer, advancing to and closing at \$5.40, while Arkansas Gas was \$1.00 lower at 77. Marland Refining continued to sell rather freely at 7 suggesting the liquidation of some large interest. All the other members of this group closed steady and unchanged.

In the miscellaneous group of stocks dealings were comparatively light and the price movement narrow. Westinghouse Air Brake closed 1/4 higher at 114 1/2, while Electric closed 1/4 lower at 55 1/2. There was no trading in any of the glass stocks and the remainder of the list was dull and featureless.

New York

NEW YORK, Sept. 6.—Labor conditions overshadowed the stock market again, latest developments affecting the steel and iron causing a sharp reaction after early period of comparative firmness.

Stocks which suffered greatest impairment included Crucible Steel, at an extreme decline of 1 1/2 points; General Motors, Studebaker, Stutz, American Woolen, Central Leather, Atlantic Gulf, Barrett company and Utah Copper.

U. S. Steel registered a gross reversal of 3 points, but displayed some improvement in final dealings. Oils almost alone ended with variable gains, marked strength having been shown by Mexican and California Petroleum and trans-continental shipplings also reflected firmness.

Bonds were irregular on reduced dealings, total sales (par value) aggregating \$9,850,000. Old U. S. bonds were upchanged on call.

Grain and Produce

CHICAGO, Sept. 6.—Material upturns in the value of corn resulted yesterday from evidence that liquidation had run its course for the time being. Prices closed strong, 1 1/4 @ 3 1/4 net higher with September at \$1.62 and December at \$1.31 @ 1.37 1/2. Oats gained 1/4 to 1 1/2 and provisions 7 1/2 to \$2.10.

Oil and Gas.

The Weir said development on Jordan's creek, Big Sandy district, Kanawha county, W. Va., has presented another gusher. The new well is the Guffey-Gellespie company's No. 6 on the James F. Brown farm. It produced 650 barrels the first 24 hours after it was drilled into the Weir sand pay. The location is 450 feet west of No. 4 on the same farm. As far as developed, the James F. Brown farm has produced more oil than any other in the development. On Doctors creek in the same development, the United Fuel Gas company's Nos. 3 and 4 on the William Cobb farm, previously reported dry in the Weir sand, have been drilled through the Big Injun sand and are light gassers in the lower formation.

On Dunkard creek, Clay district,

Monongalia county, the South Penn Oil company has drilled its second test on the A. E. Price farm into the Bayard sand and it is showing for a 220 or 30-barrel producer.

In Greenbrier district, Doddridge county, the Hope Natural Gas company has now drilled No. 3 on the E. V. King farm into the Gordon sand. It is a very light pumper in that formation. In Mannington district, Marion county, the Eastern Petroleum company is starting a test on the William Laughlin farm.

Late completions in Springhill township, Greene county, Pa., are gassers with the exception of one. The Manufacturers Light and Heat company's tests on the Greggs heirs' and J. H. Lyon's farms are gassers in the Gordon sand. The same company's test on the Joseph Tedrow farm is through the fifth sand at a depth of 3,508 feet and shows a little oil. The Myers, Long & company's well on the John Wright lot produced 190 barrels the last 24 hours.

PILES RELIEVED

Also Eczema, Salt Rheum, Ulcers, Old Sores and Carbuncles.

Under the influence of San Cura Ointment surprising improvement is made so quickly that it seems almost miraculous.

Stubbard cases of piles like those of Rev. W. F. Gilbert of Titusville, Pa., vanish before the marvelous antiseptic Ointment. Mr. Gilbert writes: "For twenty years I suffered with bleeding and itching piles; at times I was confined to the house for more than a month. Two years ago I began using San Cura Ointment and one cure made a firm and permanent cure. I have not been troubled since."

San Cura Ointment is guaranteed by Martins Drug Store, who is the agent in Fairmont to help any of the above named diseases or money back. It relieves pain from burns, cuts and bruises, draws out the poison and often heals in a short time. 30c 60c and \$1.20 a jar at Martins Drug Store.

GOOD BABY SOAP.
San Cura Soap is a healing and antiseptic soap; just the soothing kind that baby needs. It frees the pores from impurities and prevents rashes and other skin diseases. Fine for anyone's skin; banishes blackheads and pimples, clears the complexion. 25c a cake at Martins Drug Store.

If your druggist doesn't keep it send to the Thompson Medical Co., Titusville, Pa.

STUCCO RESIDENCE.

On account of the increasing cost of lumber much attention is being directed to cement stucco for exterior work. A very beautiful example of stucco work has recently been completed on the residence of Mr. C. O. Jackson in Emerson street. This stucco is composed of fine river pebbles and Medusa White Portland cement and has produced very beautiful results. Fairmont Wall Plaster Co.—Adv.
